## Extending your coverage

You may want to consider additional protection to cover your vehicle. A Zurich vehicle service contract is a smart way to protect yourself from the increasingly high cost of vehicle repairs. Like the Clawson warranty, a Zurich vehicle service contract covers parts and labor costs to repair or replace major component groups. Plus, you get the value-added benefits of rental reimbursement, trip interruption and emergency roadside assistance.

With a vehicle service contract, you can add protection to additional vehicle systems and extend your coverage for a longer period of time. A vehicle service contract adds only a minimal amount to your monthly vehicle payment, or you may want to take advantage of our interest-free payment plan.

## You've made a great decision

As you drive home in your new car, you can feel proud and confident with your choice. After all, your vehicle is covered by a Clawson warranty.
